## ANNEX OF THE COURSE OUTLINE

### Alternative ways of examining a course in emergency situations

<b>Teacher (full name):</b>	Vernadakis Nikolaos, Professor
<b>Contact details:</b>	<a href="mailto:nvernada@phyed.duth.gr">nvernada@phyed.duth.gr</a>
<b>Supervisors: (1)</b>	NO
<b>Evaluation methods: (2)</b>	Written examination with distance learning methods
<b>Implementation Instructions: (3)</b>	<p>The examination in the course will be carried out in subgroups of users in the eClass, depending on the number of participants in the course, on the day according to the examination program announced by the Secretariat. The exam will be conducted through Microsoft Teams. The link will be sent to students via eClass exclusively to the institutional accounts of those who have registered for the course and have learned the terms of distance methods.</p> <p>Students will have to log in to the examination room through their institutional account, otherwise they will not be able to participate. They will also take part in the examination with a camera, which they will have open during the examination. Before the start of the exam, students will show their identity to the camera, so that they can be identified.</p> <p>Each student should answer multiple choice questions, free text development, critical thinking. Each of the questions is graded from 0.5 to 2.0 points depending on the question category.</p>

(1) Please write YES or NO

(2) Note down the evaluation methods used by the teacher, e.g.

- *written assignment* or/and exercises
- written or oral examination with distance learning methods, provided that the integrity and reliability of the examination are ensured.

(3) In the **Implementation Instructions** section, the teacher notes down clear instructions to the students:

a) in case of **written assignment and / or exercises**: the deadline (e.g. the last week of the semester), the means of submission, the grading system, the grade percentage of the assignment in the final grade and **any other necessary information**.

b) in case of **oral examination with distance learning methods**: the instructions for conducting the examination (e.g. in groups of X people), the way of administration of the questions to be answered, the distance learning platforms to be used, the technical means for the implementation of the examination (microphone, camera, word processor, internet connection, communication platform), the hyperlinks for the examination, the duration of the exam, the grading system, the percentage of the oral exam in the final grade, the ways in which the inviolability and reliability of the exam are ensured and any other necessary information.

c) in case of **written examination with distance learning methods**: the way of administration of the questions to be answered, the way of submitting the answers, the duration of the exam, the grading system, the percentage of the written exam of the exam in the final grade, the ways in which the integrity and reliability of the exam are ensured and any other necessary information.

There should be an attached list with the Student Registration Numbers only of students eligible to participate in the examination.
